### **EDITORIAL**

This edition has an interesting contribution of modern Jersey definitive Presentation Packs sent in by our Canadian member, Ray Dixon, and a range of other smaller articles on new finds. Do please let me have new articles which keeps our Journal alive and informative, even scans or colour copies of unusual items with just a few words are welcome.

A reminder for our weekend meeting in Bournemouth, Friday 15<sup>th</sup> to Sunday 17<sup>th</sup> April, when the postal auction of many exciting lots will be held in the room, so a great opportunity to actually view every lot and also enjoy the bourse with many interesting items for sale. Always a good opportunity to meet some of your fellow members from the Islands and abroad and to view some very interesting material on display.

### SECRETARY'S CLIPBOARD

by Richard Flemming

As you read this, Spring has now been with us for a few weeks, although as I write this, a few days into the New Year, it already feels like Spring. In a few weeks time it will be the Society Weekend at the **Hallmark Hotel**, **Bournemouth from Friday**, **15<sup>th</sup> April to Sunday**, **17<sup>th</sup> April** and I look forward to seeing as many of you as possible at this event. Once again, thanks must go to Gerald Marriner for organising the hotel for us. If you are leaving it until the last minute to book a room at the hotel, may I urge you to contact Gerald as soon as possible so as to avoid disappointment. The programme will be much the same as usual, with a "Three Sheets to tell a story" following Friday night's dinner. Again, there will be members' displays on the Saturday and Sunday morning. If you are planning to bring a display can I ask you to bring a brief write-up as to its content. It makes it so much easier for me to write notes for the next *Les Iles Normandes* Journal.

The Annual General Meeting will be held on Saturday, 9<sup>th</sup> July 2016. If any member wishes to have a question raised at this event could you please email your question to me so that, hopefully an answer will be available at the AGM, thus speeding up the proceedings.

Unless listed differently, all CISS meetings are held at the RPSL, 41 Devonshire Place, Marylebone, London, with coffee and biscuits served at 10.30am (for an 11am start) and finishing at approximately 4.00pm.

## London Meeting Report Saturday 5<sup>th</sup> December 2015.

by Richard Flemming

There were twenty members and two guests present at the Christmas meeting with apologies from fourteen members. The theme for the day's meeting was World War I and/or member's recent acquisitions.

As with other London meetings the day commenced with coffee, tea and biscuits at 10.30am followed by a room auction of 75 lots at 11.00am, the

majority of which sold at estimate or above. Following the auction **David Laurillard** was invited to show his display of World War 1 material. David explained that he liked to get close and personal to the history of the personnel he wishes to talk about. This included a letter from Sgt. Maj. Sweeney that was charged 1d bearing a 1<sup>D</sup>/I.S/C handstamp. There was a similar item from a William Fitzgerald dated 1914 that again was charged 1d postage due and with a 1<sup>D</sup>/FB/A handstamp. David then explained about the Royal Guernsey Light Infantry (RGLI) and their role in World War 1. Of the 2000 men who joined in 1916, over half were either killed or wounded. Here David showed examples of postcards illustrating the RGLI., including an interesting picture postcard to a Miss B. Edmonds of St. Sampsons. There was an example of an 'honour envelope' dated 1917 from Private. A. Mahy with an "**EXAMINED/BY/BASE CENSOR** label too.

In contrast to finish the morning session **George King** displayed a virtually complete range of Channel Islands modern postal stationery including International and Commonwealth Reply Coupons; air letters of Jersey and Guernsey; registered letters of all sizes from both Jersey and Guernsey, Jersey Special Delivery and Guernsey Post Office Priority Service items.

Bob McDonald showed the 100<sup>th</sup> anniversary of WW1 stamp issue and a miniature sheet of a WW1 recruitment poster and the Jersey 2015 World War 1 issue titled "Change". Bob also showed aWW1 'honour' envelope from India to Samares, Jersey. Robert Shaw showed new acquisitions including a Herm Ferry ticket and then "now for something completely different", Robert played a recording titled "Smokes for Tommies" which told of the Cigarette and Tobacco Fund whereby people of Guernsey were encouraged to donate 6d to the Fund. It was based in St. Georges Hall, St. Peter Port and employed 130 people. In all, some 20 tons of tobacco were sent to the troops via the Fund. Amongst the many items showed by Gerald Marriner was a telegram dated 20<sup>th</sup> June 1940 regarding the evacuation of the Channel Islands. There were also items of mail sent via the Apostolic Delegation, London including an August 1940 letter from Jersey sent via Eire and a September 1940 cover sent via the American Consul in Lisbon. Both received "UNDELIVERED FOR REASON STATED/RETURN TO SENDER" handstamps. There was also a rare example of an AUSWEIS/LICENSE bearing an INSEL/ KOMMANDANT/JERSEY label.

**Dave Edwards** showed postcards, mainly by Thomas Bramley, which illustrated how WW1 impacted on Guernsey and the Islanders from 1914 -

1919 and this was followed by **Moira Edwards** with some interesting information about a Guernsey footballer by the name of John Mahy who won 15 Muratti caps between1906-14. As a Sergeant in the Royal Engineers he was awarded the French Croix de Guerre for exceptional gallantry and courage in May 1918. Moira also mentioned Private Alfred Priaulx who joined the 1<sup>st</sup> Battalion of the RGLI in 1917. Unfortunately he was killed later that year and has no known grave, however, he is commemorated on five Memorials, and then interesting information regarding the Edward's family tree which she described as "a small branch". She mentioned Dave's grandfather and four great uncles who served with the RGLI in France. His grandfather became a POW and was repatriated to England in 1918. One of Dave's great uncles was killed in France in December 1917.

Finally Richard Flemming showed two items of WW1 German POW mail from the POW camp at Blanches Banques, Jersey, each bearing the single circle **POST FREE/PRISONER OF WAR/P.C**. handstamp and this was followed by a recent auction purchase (a real bargain he said) of QV mail sent from either Jersey or Guernsey to overseas destinations including America, Canada, New Zealand and Ceylon (Sri Lanka).

#### **News of Members**

Congratulations to Bryan Elliston on his election to membership of the Royal Philatelic Society London.

## CONGRATULATIONS TO PETER MOLLETT

Peter (Member No. 149), Hants, joined the Society in 1964.

It is with very great pleasure that the Society recognises this achievement of 50 years of active membership and extends our warmest congratulations and thanks for such continuing support.

#### New Life Members

We are pleased to announce the achievement of Life Membership awarded to 1563 Luc Content, Belgium and 1569 Richard Oliver, South Africa.

#### **OBITUARY – THE LATE FRANCIS KIDDLE RDP Hon FRPSL**

Francis died suddenly on the 21<sup>st</sup> October 2015, aged 73 years, following a short illness. He first joined this Society in 1972 and built a good Channel Islands collection amongst his other many and varied philatelic interests. He became a Life Member of this Society in 1997.

However his main achievements were outside this Society where he was a member of many other Societies in particular the Royal Philatelic Society

London which he joined in 1972 and became Hon. Librarian (1979-1994), Vice President (1992-1994) and President (1994-1996) receiving the Society Medal for services to the Society in 1991. Francis was awarded an Honorary Fellowship in 2009, received the Bacon Medal in 2014 and went on to continue to play a major role in philately generally.

In addition to this, Francis was actively involved in both national and international philatelic judging at the highest levels and received various important appointments. Such involved contributions brought him wide recognition and in 1995 he was invited to sign the Roll of Distinguished Philatelists. Additionally he received a Royal Mail Lifetime Achievement Award in 2001, the Smithsonian Museum Lifetime Achievement Award in 2006 and the Collectors Club of New York Alfred E. Lichtenstein Award for Distinguished Service to Philately in 2012.

His personal collecting interests included Australian revenues and railways, Morocco Agencies, GB Mulready envelopes and letter sheets, Kuwait, Queensland Chalon heads, Mexico Hidalgo Express, GB overprints, GB Uniform Penny Postage Jubilee, GB Philatelic Congresses, Channel Islands, Peru and South West Africa Revenues, postage dues of the world on cover and thematic collections of Golf and Goats.

I have known Francis for very many years and can only echo the sentiments of others in recording that his untimely departure is a very great loss to his family, to philately and to the many institutions he served with such interest and dedication. **David Gurney FRPSL.**

## **A new Carrefour Selous, Jersey registration label** by Olaf Beecken

I have just acquired a Jersey Carrefour Selous registered envelope from the post liberation period with a hitherto unrecorded label which is just printed CARREFOUR, / JERSEY and is numbered 0055. This suggests at least 54 other examples must have existed at some time although nothing has come to light until now. A lot of similar philatelic registered covers are known

with the date of the 8th December 1945 used at various Sub-Post offices, but this is the first example seen to date of just **CARREFOUR**, / JERSEY.

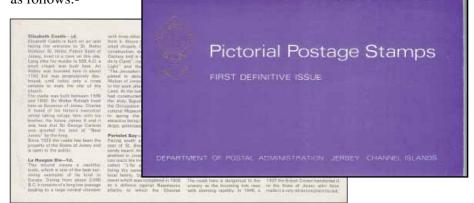

Can any member report another example of this particular label in their collection?

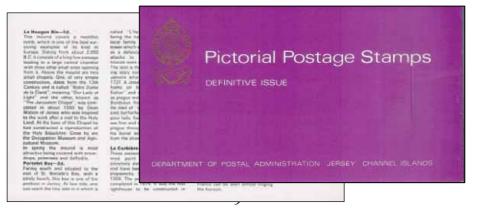

#### **JERSEY 1969-74 DEFINITIVE PRESENTATION PACKS**

by Ray B Dixon

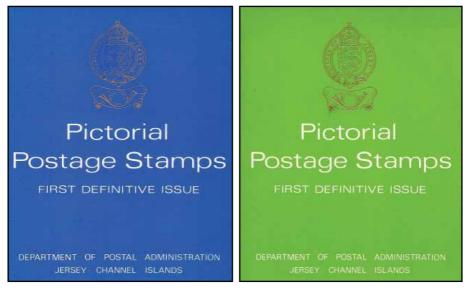

In the *SG Collect Channel Islands and IoM stamps* (29<sup>th</sup> Edition) it lists three presentation packs for the pre-decimal definitive issue. In the notes, it states that four packs were issued during the period the first definitive series of stamps were on sale, (October 1969 – February1972). Details are as follows:-

Although the covers illustrated give no details of the actual contents, the original pack, (in purple), contained eight values (½d to 9d). The early packs have no punched holes and both Low Value packs measure 217mm by 119mm. The Jersey emblem is embossed in gold, the original pack inside cover gives details of all the values including the ½d Elizabeth Castle stamp, this pack sold for 3s 7d, (18p).

With the  $\frac{1}{2}$ d value sold out in October 1969 the decision was taken not to reprint the stamp due to impending decimalization. However, a new low value presentation pack appeared, (in pale mauve) in July 1970. This time only seven stamps were enclosed, (1d to 9d) and the inside text was modified accordingly.

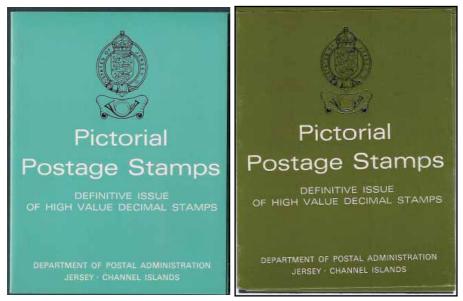

(Blue) 4 medium values, 1/- to 2/6d Pack Sold for 7s 9d, (39p) (Green) 3 high values, 5/- to £1 Pack Sold for £1 16s, (£1.80p)

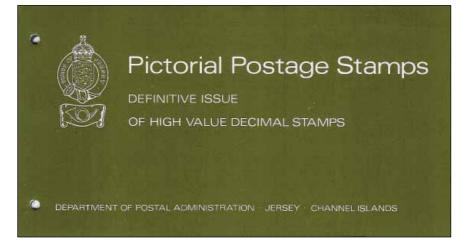

Both packs above were embossed with a gold Jersey emblem and measured 109mm x 140mm. No punched holes are present and similar to the two earlier low value pre-decimal definitive packs the covers give no clue to their actual contents. This was rectified when the decimal definitive packs were issued. The price in the *SG Collect CI IoM* catalogue is for a set of three – either low value pack. All of the pre-decimal packs along with the stamps were invalidated on the 14<sup>th</sup> February 1972. The printer of the pre-decimal definitive issue packs is not recorded, but I suspect they were printed at the House of Questa.

#### JERSEY DECIMAL DEFINITIVE PRESENTATION PACKS

Also, in the 29<sup>th</sup> edition of the *SG Collect Channel Islands and IoM stamps* catalogue it lists four presentation packs for the decimal definitive issue. In the notes that follow the 1970-74 definitive listings it gives details of variations found in the subsequent printings of the presentation packs. The following narrative along with an illustration of each decimal definitive pack cover, will show, (I hope) a more complete picture. The first decimal pack released was the one for the high values, making its debut on the 1<sup>st</sup> of October 1970. Jersey was the first British Postal administration to issue any decimal stamps.

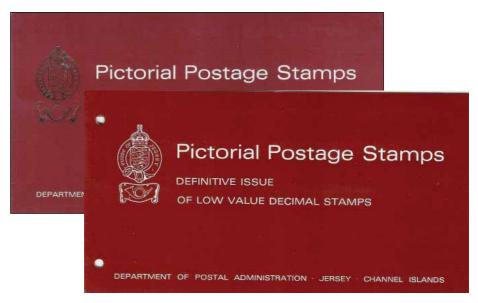

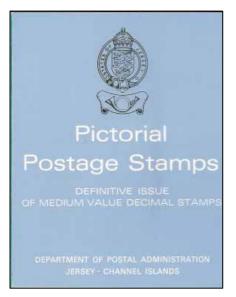

Each of these three high value packs contained four values, (10p to £1). Similar to the pre-decimal definitive packs with wrap around covers, the original pack, (in teal) and reprint, (in olive) both measured in at 110mm x 140mm. The Jersey emblems were each embossed in gold. Both packs were printed by Questa Colour Ltd at the House of Questa and sold for £1.85p.

Eventually the wrap cover packs were replaced with the 'standard' style of pack having two round punched holes and dimensions of 223mm x 115mm. The final version of the high value decimal definitive pack had a white printed Jersey emblem; it was produced by Paramount-Lithoprint.

On the 15<sup>th</sup> of February 1971, (Decimal Day) Jersey Post Office released the low and medium value Decimal Definitive Packs.

The original and reprint Low Value packs (in brown) measure 223mm x 115mm, both contained eight values, (<sup>1</sup>/<sub>2</sub>p to 4p) and cost 23p. Both packs were printed at the House of Questa. The original pack had no holes and the Jersey emblem was gold embossed. The reprint has two round punched holes and the Jersev emblem is printed in white on the front cover.

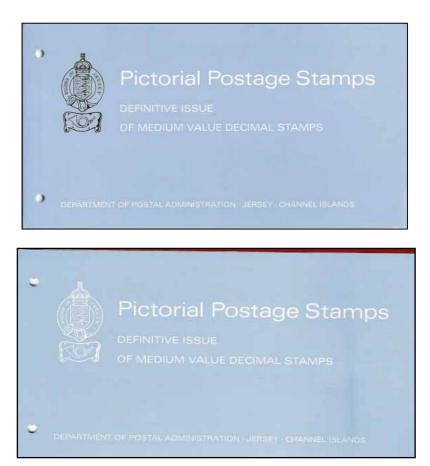

The first Medium Value Decimal Definitive pack, (light blue) was in wrap covers, (110mm x140mm), with a gold emblem and contained

four stamps, (5p to 9p), it was priced at 32<sup>1</sup>/<sub>2</sub>p.

On the  $31^{st}$  October 1974, three new values,  $(4\frac{1}{2}p, 5\frac{1}{2}p \text{ and } 8p)$  were added to the decimal definitive range in order to accommodate changes in tariff. The medium value packs were re-issued in the larger format, (223mm x 115mm) in order to more readily display all seven stamps the pack now contained.

Both packs were printed at the House of Questa and received the two round punched holes for inserting into the standard presentation pack binder.

The main visible difference between the packs is shown below, with the Jersey emblem in embossed gold and the reprint now showing the Jersey emblem in white. Both of the packs sold at a price of 53p.

The new 8p definitive was issued with PVA and PVA (D) gum. The (D) stands for Dextrine, which gave a green tinge to the adhesive. This in effect means that both of the above packs can contain either stamp.

The price in the SG catalogue is for four packs. This is made up from a Low Value Pack, (choice of two), plus the original Medium Value Pack and a High Value Pack, (choice of three). The fourth item from the set will be from either of the two packs illustrated above, with the three additional decimal definitives.

## 1992 book 'The RED CROSS CIVILIAN POSTAL MESSAGE SCHEME with the CHANNEL ISLANDS during THE OCCUPATION 1940 – 45'.

On the 7<sup>th</sup> July 1940 within a week of the German Occupation of the Channel Islands, Miss Constance Mayo wrote to the Red Cross no doubt enquiring as to the well being of her relatives who were in Jersey. As Miss Mayo's address is shown as C/O it is likely that she was a Channel Islands evacuee. The Red Cross at St James's Palace, London replied to Miss Mayo on the 7<sup>th</sup> July using this postcard FR/C/10 requesting further details in order that enquiries could be made.

### Cover to Lieutenant General Graf von Schmettow

by Gerald Marriner FRPSL

Further to Ron Brown's article on page 30 of the December Journal Vol. 34 No.4, I illustrate a recent acquisition addressed to Lieutenant General Graf von Schmettow, Feldpost nr 24200 sent from Wiesegrade, Oels-Land, in

FELDPOST Einheit des Empfa nicht am Luittei

Germany.

The German airmail labels are cancelled with an OELS double circle datestamp for 21 June 1944. The cover is endorsed in pencil -937 - a routeing indicator and also '13 VII 44' in pencil. This is probably the arrival date in the Islands – (13th July 1944). The labels are cancelled with a three line boxed German cachet in violet, which reads (in English) Unit of addressee/does not take part in the Air Mail Service of the Fieldpost/Air Mail Office.

These cachets on Channel Islands mails are quite scarce.

(My thanks to Michael Wieneke for his kind assistance).

Many of you will know of me as a longestablished dealer in fine stamps and covers of Great Britain and the Channel Islands from 1800 to 1951.

You may not, however, be aware that I am a collector and student of the LL series of illustrated postcards of the Channel Islands. I do not deal in these postcards, only collecting them for my own enjoyment.

I currently seek collections and accumulations of them for the purposes of study and would willingly pay highest prices for same.

Please do not hesitate to contact me if you have cards that you wish to sell. In the first instance please do not send them through the post.

#### The importance of a Field Post Number

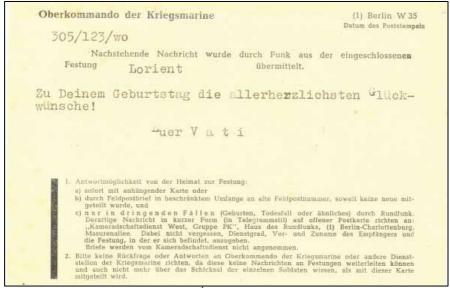

by Ron Brown

The items below were from Michael Wieneke's collection and he explains how they came into his possession – "One day a colleague in the Investigation Service came into the office, a collector of German colonies, and was aware that I collected Channel Islands. He had a number of communications sent by his father, Paul Weiss, from the fortresses of both Guernsey and Lorient, but no corresponding items from Germany". The reason for this lack of mail becomes clear from the following -

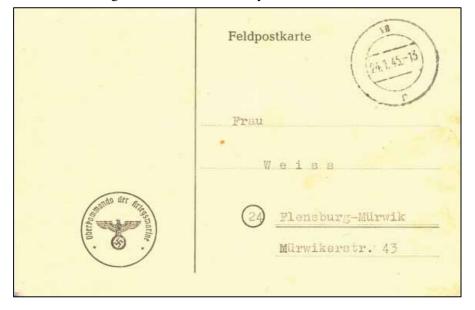

Chief Petty Officer Paul Weiss was a crew member of a ship of 2<sup>nd</sup> Vorposten Flotilla (floating flotilla) B Group which was stationed in Guernsey. In the early days of the fortress period the ship on which he served was sent to the fortress of Lorient, but due to allied advances was unable to return to Guernsey. The crew therefore had to stay in Lorient and should have been allocated a new field post number, but this did not happen and for this reason all mail from his family went to the field post number still in Guernsey and could not be forwarded to Lorient. The field post number for his ship in Guernsey was Fp-Nr.52615 and from the postcard

above dated 21 July 1944, we know that this was written when Paul Weiss was still in Guernsey.

This radio message card dated 24<sup>th</sup> January 1945 was sent from the fortress

of Lorient and in which Paul Weiss sends congratulations to his wife for her birthday.

Lorient, located on the Atlantic west coast of France, was one of the major U-Boat bases with the massively fortified pens capable of holding thirty U-Boats. For a time Grand Admiral Karl Dönitz had his headquarters at Kernével facing the U-Boat pens.

Next is a postcard dated 14<sup>th</sup> March 1945 from Paul Weiss giving his Fp-Nr 52615 which was still the number of a Guernsey based unit although sent from fortress Lorient.

Interestingly on the reverse side of this card shown on the next page, Paul is complaining that he never receives any mail from home. Not surprising as his mail was being sent to Guernsey and there was no longer the means of forwarding it to Lorient.

#### Liebe Eltern u. Geschwister.

Seit langer Zeit habe ich keine Post mehr von Euch bekommen, Woran das liegt wissen wir nicht. Trotdem will ich Euch heute einige Zeilen schreiben. Mir geht es soweit noch gut und hoffe es auch von Euch.Wean ich wenigstens einmal von Dorle ein Lebens= zeichen haette.Sollte diese Karte bei Euch ankommen. dann schreibt bitte auch meiner Dorle gleich, damit sie sich nicht unnoetige Gedanken macht.Ich habe ihr jah immer regelmaessig geschriehen, weis aber nicht, ob die Post ihren Bestimmungsort wirklich erreicht hat. Wir sind ja froh, wenn wenigstens unsere Post bei Euch ankommt, wir wollen uns, auf unsere Post zu warten, noch gedulden bis bessere Zeiten in der Postbefoerderte eintreten.Im Uebrigen hoffe und wuensche ich, dass bei Euch auch noch alles in bester Ordnung ist ?Ein Tag wird schon kommen; andem wir endlich einige Erleichtere rungen auf allem gebieten haben werden.

Allied forces reached the outskirts of the town on the 7<sup>th</sup> August 1944 and the last U-Boat departed on the 5<sup>th</sup> September. The town was by-passed by the advancing allies and, like the Channel Islands, Lorient held out as a 'festung' (fortress) until the end of the war when the garrison of some 15,000 German troops surrendered and became prisoners of war.

It is recorded that at least one Channel Islands 'fortress' flight came via Lorient!

signed photograph of the Α Commander of the ship on which Paul Weiss served, (photo reduced in size). The insignia shows that he was a First Lieutenant with the very high decoration of a German Cross in gold awarded for personal bravery and was just one decoration below the Knight's Cross. He also wears the Iron Cross, so a well decorated Officer.

Interestingly the reverse side of this photograph shows detailed instructions in manuscript of how to make a radio set shown below.

#### 1942 Jersey unsealed 1d letter rate

by Patrick Robbe

In 1942 due to the shortage of stamps and so as to help people in the country parishes, envelopes with an undated 2<sup>1</sup>/<sub>2</sub>d PAID handstamp applied were distributed to the Sub-Post Offices to cover the sealed letter rate when posted and the Head Post Office usually cancelled them.

For a very long time I have searched for the possible discovery that the unsealed letter rate of 1d should also exist and, at last, I have found this postcard with an undated 1D PAID handstamp with the Jersey single circle datestamp 4 AU/42 of the Head Post Office.

Can any member report a similar example of this JERSEY 1d PAID handstamp without date?

#### Jersey Home for Boys

by Roland Young

I recently acquired this 1907 postal stationery card as I was curious about the Home and also felt it was cleanly postmarked when posted out of the Gorey, Jersey Sub-Post Office in July 1907.

I am intrigued to learn more and will be most interested if one of our Jersey members can provide more information about the home – when started and closed, and also its location.

Did it eventually evolve into the Haut de la Garenne which in recent years became the subject of a police investigation and much comment in the Press?

JERSEY HOME FOR BOYS, 30th July, 1907. ear Sir or Madam. The Boy's Summer Holiday will commence on aturday next, August 3rd, at 1.30 p.m., and end on the following Saturday August 10th, at 6 p.m. You are to apply to the Coustable M for permission to withdraw your Son. ED. GAVEY. Headmaster. Kindly send 3d, to pay for train. You are specially requested to be careful not to let your Son visit any home where any Epidemic is present, such as Scarlet Fover, Measles, or any Skin Disease that is catching.

I will be most interested in any general and historical information that our Jersey members might be able to provide in regard to this card. For example when was Home first built and for what purpose? Has it always been a Home for Boys?

#### **SERVICE SUSPENDED 1940 COVER**

by David Gurney FRPSL

Whilst attending a postal history weekend recently I was shown this unusual 1940 cover addressed to Guernsey which was posted too late for the post to reach its destination as the Island had been occupied by the German armed forces for some days and postal services had been suspended.

Cover postmarked 3<sup>rd</sup> July 1940, Ipswich, England to Guernsey, Channel Islands.

This cover, from a well known philatelic dealer, was machine cancelled with 1d, the printed paper rate. However there are two boxed handstamps **SERVICE SUSPENDED** and **Undelivered for/ reason stated./1d POSTAGE DUE RETURN TO SENDER**, both in violet . There is a violet date stamp of 6 July 1940, but there are no marks on the back of the cover.

The Service Suspended (SS) mark is listed in Deery 2nd Edition 2015 (with number HS-UK-B7) on three covers known, the earliest dated 30/5/40 and the latest 28/6/40. See (Deery p63 and p92). All three were on covers to Jersey or Guernsey. This is clearly the fourth recorded and the latest usage.

A number of questions arise:

1) Where were the handstamps applied?

2) Why was a return fee of 1d charged. (The h/s is not listed in Deery). This is most unusual, the only time I have seen returned SS mail charged for?

3) Does this 1d postage due h/s appear on the other 3 covers known?

4) Is the SERVICE SUSPENDED h/s known on mail other than mail addressed to the CI?

5) If not why was this h/s exclusively used on CI mail as appears to be the case?

6) When was mail to the CI first suspended and this h/s applied?. The earliest example quoted by Deery is on a cover dated 30/5/40, a month before the Occupation. The h/s appears to have been replaced by a different h/s (Deery HS-UK-B8) again apparently exclusively used on CI mail (7 covers known dated 29/6/40 to 1/7/40)

7) Where was the date stamp of 6 July applied?

Answers to these questions and any other information would be very much appreciated to be on-provided.

## **New find – St. Marys, Jersey undated double arc in blue** by Guy Dandoy.

I can report a third example of this very scarce St. Marys, Jersey undated double arc handstamp shown below used in 1857 in dark-blue on the reverse of this envelope to Bordeaux from Jersey together with the blue Jersey dated arc of NO 27 57.

Monsieur F.A. Rordeaux fironde France

The envelope has been rated 4d as can be seen and has been cancelled with the Jersey circular 409 obliterator, has then received the red London transit datestamp on the reverse for NO 28 57 and then the Calais cds and red PD in circle (Paid to Destination) on the front. The Jersey marks on the reverse side are somewhat overstruck by the French transit and arrival datestamps.

David Gurney's book *The Postal History of the Jersey Sub-Post Offices* records the two previously known examples as blackish-green on an 1853 wrapper and blue-black on the reverse of an 1859 envelope.
