Guernsey (and Jersey) News

In most of the CISS Bulletins issued following Postal Independence in 1969 (i.e. since no. 115) will be found details of all the new stamps, booklets, etc., including varieties, flaws, errors, new printings and special postmarks. The details are based on information supplied by the Islands Bureaux through their Bulletins, but are not listed in this Index as separate entries, since reference to a particular Bulletin of the period concerned is simple.
